

Linda Lee
5th Circuit Representative
Southern District of Texas

I am honored to be serving the 5th Circuit on the Board of Directors. I previously served as 10th Circuit board member, a position I gave up upon moving to Houston, TX. I am currently working for the U.S. District Court for the Southern District of Texas at Houston. I have been an active supporter of FCCA for many years, serving as a member of the Long Range Planning Committee. I have also served as Awards Committee Chair and Membership Chair, and presently, as Site Selection Chair.

On a personal note, my husband's job moved us to Houston last year. What a big change that has been...“I'm not in Kansas anymore!” I am very fortunate to have two wonderful daughters and a couple of great sons-in-law who live in the Dallas/Ft. Worth area. I'm also blessed with one absolutely “perfect” grandson, who has his grandma wrapped around his little finger. I enjoy reading, softball, tennis, and just about any outdoor activity. Attending FCCA conferences provides the perfect opportunity to both meet new people (which is something I enjoy) and make lasting friendships. If you have any concerns, questions or suggestions regarding FCCA, please give me a call. I'm your voice on the board!
